Safety briefing and training:

Attendance at the safety briefing is compulsory prior to commencing the circuits. You will be allowed to go on the circuits on your own when Adventure Forest staff are satisfied that you

have understood all safety procedures, and when you have successfully completed the practice circuit.

You are then responsible for following all safety rules and guidelines.

Safety rules and guidelines:

- You must be clipped to the safety lines at all times, using the red karabiners.
- Do not deliberately jump on platforms, shake the wires, distract or endanger other participants in any way.
